	About 15 trucks and 2 tanks, probably T 34s, were observed from a long distance from the Fasangarten Kaserne. It seemed as if not all troops from the barracks had left for a troop training 50X1-HUM grounds. **					
* ,	the tank components of the 10oth Gds Hy Tank SP Regt/ 13th Gds Mecz Div were still at their Kagran military post on 12 May 1950, whereas the mass of the division had moved to the Doellersheim troop training grounds during the second half of April 1950. The units (with- out tanks) from the Kagran barracks which were entrained	50X1-HUM				
	on 25 April 1950 presumably were elements of the 106th Gds Hv Tank SP Regt or of another component unit of the 13th Gds Mecz Div. The assembly of flatcars is indicative of a future entraining of the tank units.	50X1-HUM				
**	<u>Comment</u> : Component units of the 13th Gds Mecz Div are assumed to be stationed in the Fasangarten Kaserne, Goetzendorf.	50X1-HUM
